

## **6.0 ACKNOWLEDGMENTS**

The Author wishes to thank all persons interviewed as listed in appendix <sup>3</sup>. A special thank you is extended to the management and staff at the various national disaster organizations visited for their assistance in arranging the interviews at very short notice.

The interest and enthusiasm expressed towards the exercise by the various persons interviewed is noted and is indicative of their commitment to the overall development of the region.

Particular thanks to the Organisation of Eastern Caribbean States (OECS) Aeradio for allowing the consultant to undertake this exercise. Its success will be further testimony to the value of functional cooperation between the institutions of the region.
